FROM
THE
PRESIDENT

Thank You

for investing so generously today in the Sweet Briar of tomorrow.

Through your support, yesterday's plans have become the Mary Reynolds Babcock Fine Arts Center, the Memorial Chapel is assured, and faculty salaries have been increased.

With your help, tomorrow will bring our much-needed science building, higher faculty salaries, and new opportunities for special programs.

Your continuing belief in the Sweet Briar education strengthens the college's program and creates an environment . . . for thought . . . action . . . growth.

Gene Powell

BULLETIN OF SWEET BRIAR COLLEGE
Volume 45, Number 4, September 1962.

Published by the College in February, April, July, September, November (two issues). Second class postage paid at Sweet Briar, Virginia.

WHAT IS THE SWEET BRIAR FUND?

Gifts from alumnae, parents, students, faculty and staff, foundations, corporations and friends make up the Sweet Briar Fund. Gifts to the Sweet Briar Fund are used for the purposes designated by donors or, if undesignated, used as the college administration directs. Gifts to the Sweet Briar Fund build endowment, make possible new buildings, are used for faculty salaries and scholarship aid for students. The annual Sweet Briar Fund is a source of sustained strength of the total college program as it is the college's living endowment.

SCIENCE
AT
SWEET BRIAR

A SCIENCE BUILDING – THE NEXT STEP

With the completion of the building fund for the Memorial Chapel, full attention is being turned to raising the funds necessary for the new Science Building. Today Sweet Briar's most pressing physical need, in order to meet the demands of more students who elect to pursue major studies in the sciences, is a new Science Building. Adequate classroom and laboratory space is no longer available for the excellent program that Sweet Briar has developed.

THE SCIENCE BUILDING FUND AT PRESENT

Estimated cost of the science building		\$1,000,000
Cash on hand June 30, 1962	\$589,482	
Conditional pledge of Mr. Buford Scott*	11,233	
Other pledges	4,998	
Total cash and pledges, June 30, 1962		605,713
Balance to be raised		\$ 394,287

* A pledge up to \$30,000 has been made promising one dollar for every ten given before December 31, 1962. To date \$112,330 has been received since the pledge was made.

MORE SWEET BRIAR STUDENTS
PREPARE FOR CAREERS IN SCIENCE

	<i>Number of Graduates</i>	<i>Science Majors</i>	<i>Percentage</i>
1960-61	90	23	25.5
1961-62	110	35	31.8
	200	58	29

A high percentage of these science majors have begun careers as science teachers, mathematicians, research assistants, medical technicians or have started graduate studies in their fields.

That their number will grow is clearly indicated by the larger enrollment in advanced science courses. For 1959-62 this increase was 36% over the previous three-year period, although the number of students in college rose only 7%.

LABORATORIES ENLARGED – NEW EQUIPMENT ADDED

To meet the immediate demands posed by the growing enrollment in the sciences, the college has had to spend over \$50,000 remodeling the science laboratories within the limits of the space available. Further expansion of these laboratories is not possible.

New equipment costing \$70,000 has recently been installed. In making these purchases, careful consideration was given to the location and use of all equipment in the new building, now being planned.

FACILITIES NEEDED BY FACULTY AND STUDENTS

Sweet Briar's science program will be significantly strengthened when adequate space is available for faculty and student research projects. Provision for independent research attracts and holds well-qualified teachers. Their work, in turn, inspires students to pursue projects which they find stimulating and exciting.

SCIENCE AND THE SWEET BRIAR FUND

Sweet Briar's continued excellence in science will be assured by substantial support beyond the income derived from tuition fees.

In addition to the amount on hand, \$400,000 is needed for the construction of a Science Building. Additional endowed professorships in science, especially in biology and the history of science, and endowed scholarships for science students would further strengthen the expanding program in sciences at Sweet Briar.

Gifts in the form of securities frequently offer financial advantages to the donor as well as to Sweet Briar. An increasing number of alumnae, parents, and friends are transferring stock certificates to the college.

Bequests and gifts with income reserved to the donor for life are an important part of the Sweet Briar Fund. Please address requests for information to Box 179, Sweet Briar College, Sweet Briar, Virginia.
